

COMMUNITY AGENCY PARTNER MEETING

Flint Resiliency In Communities After Stress and Trauma (Flint-ReCAST) Program

Wonderful news! - our community was selected as one of the few areas across the nation to receive funding to implement the Flint-ReCAST from the Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services.

The Flint-ReCAST will promote resilience, community empowerment, and long-term well being for area families and youth, given the stressful situations faced by people in Flint and surrounding areas.

WHO: Flint and surrounding area residents, all ages
WHEN: Tuesday, November 29, 2016, 2-4 pm
WHERE: Flint City Hall Dome, 1101 S. Saginaw Street

WHAT WE ARE ASKING: This will be the 2nd of 6 agency level meetings we will hold to develop our community plan for the implementation of the ReCAST grant. This process will directly influence how the ReCAST funds will be spent. Please attend and be prepared to discuss resources and programs of your agency that support resilience, community empowerment, youth violence prevention, community trust, and long-term well-being.

Please also share if these are known trauma-informed approaches to prevention, engagement, and/or treatment. We hope that you will join us as we move this important work forward!

RSVPs (Requested): <https://www.eventbrite.com/e/flint-recast-community-agency-meeting-2-tickets-29563440045>

Agenda Items:
