## Flint Community Schools Corps

Serving in all 11 Flint Community School buildings, members provide during/after-school and summer learning activities for K-12 students, including tutoring, health education, conflict resolution, service-learning, and access to social services. VISTA members leverage volunteers and engage parents and community partners to help kids success in and out of the classroom.

## Reading Corps

Serving in 9 FCS elementary buildings, Reading Corps tutors connect with at-risk K-3 students to provide literacy instruction. Over the course of the school year, students in the program receive 20 minutes of one-on-one tutoring five days per week in their own school. Through time and effort, students are placed on the path to proficiency by 3rd grade.

## Coach Across America

Coaches instruct students in sports-based youth development, brain breaks, and mentoring. Coach Across America is based on a simple premise: Highly trained coaches can be the most transformative adults in young people's lives and can inspire their success on the field, in the classroom, and in life.

## College Advising Corps

College Advising Corps works to increase the number of low-income, first-generation college, and underrepresented high school students who enter and complete higher education.

Members provide the support that high-need students require to navigate the complex processes of college admissions and matriculation and securing financial aid.
