BAG IT

City of Flint Residents Are Required to Bag Their Leaves

Keep City of Flint Streets and Storm Drains Clean and Clear

IT'S TIME TO
BAG IT
IN THE
CITY OF FLINT

City of Flint residents are required to rake and bag their leaves for curbside collection on weekly trash days.

Leaf-filled yard waste bags will be collected on regular trash pick up days now through December 2nd.

DO NOT RAKE LEAVES INTO THE STREET. Citations will be given to residents raking into the street.

Spread the word. Schedule an informational presentation at your next community group, church, block club or neighborhood association meeting by calling 810-410-1134.

The City of Flint will collect leaves that naturally fall into the street from **city-owned** trees located between the curb and sidewalk (the public right-of-way). This cleanup should not be mistaken as an option to replace the **BAG IT** requirement.

Need help raking? We encourage you to contact the following to seek volunteer assistance:

- Church
- Family
- Neighbors
- Block Club
- Neighborhood Association
- Local Youth Group

A partnership between:
